Department of Surgery

Resident, Fellow and Clinical Instructor Travel Application

(All travel requests must be approved to prior to booking travel or submitting research abstracts)

UVA Travel Rules:

GENERAL

- University travel rules can be found here: [Travel Planning | UVA Finance \(virginia.edu\)](#)
- **Travel Approval Forms must be submitted prior to travel arrangements being made or expenses incurred.** Work with your residency program contact to book your airfare and hotel reservations. Your residency program contact will assist you in submitting for reimbursement once the travel has ended.
- Registration fees will be covered at the early registration rate. Cost above early registration fee will be covered by trainee.
- Reimbursement requests and documents should be submitted within 10 business days of return from travel. Receipts submitted more than 30 days after the date of travel will not be reimbursed.

AIRFARE:

- Airline tickets should be purchased at least 30 days in advance.
- Flying out of various cities should be considered to obtain the best rate.
- The Department will not pay for changes in tickets after original purchase unless an urgent clinical situation occurs that requires the change. This expense must be approved in advance.

TRAVEL BY CAR:

- Reimbursement will be paid at the current UVA mileage rate for travel to and from the event. Mileage will be determined using a web-based mileage calculation.
- Tolls and parking incurred while traveling will be reimbursed.
- Public transportation/taxi/Uber are reimbursable: between Airport/Train Station and Conference site or Hotel, between the Hotel and Conference site (if hotel is not on site), between Conference site or Hotel and restaurants within reason

LODGING

- If the conference hotel room is booked using a department credit card; room service and snacks are not allowed to be billed to the room. Room and board will be reimbursed at the conference hotel rate. If you elect to stay elsewhere or upgrade from the standard room rate, you will be required to pay the difference.
- Rooms will be shared when possible.

MEALS

- Travelers should only pay for their individual meals. If you choose to pay for others, you will only be reimbursed for your portion of the meal.
- Meals will be reimbursed at a maximum UVA standard daily rate of \$75.
- Both the Itemized receipt and the receipt showing any tip must be provided for reimbursement.
- Alcohol is not reimbursable and must be deducted from the meal receipt.
 - Best Practice: Any alcohol purchased should be paid for separate from the meal.
